Haliburton County Public Library Board Vision Statement:

The vision of the Haliburton County Public Library Board shall be:

- To provide the best possible library service to all residents of the County of Haliburton.
- To develop a library collection that will appeal to the greatest possible sectors of the County, allowing for the widest possible coverage of views and opinions bearing in mind a need for balanced collections and a clear representation of all sides of any issue, without regard for the unpopularity or unorthodox nature of the material.
- To ensure that the library materials, information and programmes are available to all individuals in the County.
- To evolve and adapt to changing technologies by implementing new models of service and resources to serve public needs.
